FINDLEY LAKE, NY

TOWN OF MINA, CHAUTAUQUA COUNTY, N.Y.

The Hamlet of Findley Lake is situated on the western boarder of New York State. Findley Lake was formed by the damming of two ponds in 1815, covering an area of approximately 300 acres. The water level is controlled by a dam with a summer elevation of 1420 feet above sea level and is lowered 32 inches for a winter level.

FINDLEY LAKE YESTERDAY AND TODAY

Findley Lake, the name alone means so much to those who have spent any amount of their time on and around its shores. But why? Can it be just the restful lapping of the cooling waters, or the gentle breeze through the flowers and trees? No, I think there's more. Its history is ever changing. From when a young man of Scot-Irish decent came from Ireland searching for a place to raise a family and finding just that site purchased it in 1811. He then went off to war and returned in 1815 to start his mill, then built his home in 1816. By the building of the dam for the mill it created a large pond and was known as Findley's Pond, then later Findley's Lake. The settlement sprung up around the mills, hotels, several stores, churches, and schools. Fires tried to destroy it but it kept springing back. We had our own Little Chautauqua. Its name, Lakeside Assembly, started in 1895 and ran through 1915.

Steamboats in the summer and horse races in the winter, those are all memories now. The lake today still has its activities, the town is growing with changes. So we are again making History!
